|                      | 3000 Watts - 30 AMPS or less  | 105.00               | 126.00               |               |

### **Motor & Equipment Outlets: Maximum of one (1) connection per outlet 120/208V**

| Qty | Description:<br>Equipment outlets<br>208/230 Volt single phase | Advance Price | Regular Price | Amount |
|-----|--|---------------|---------------|--------|
|     | 1000 Watts - 10 AMPS or less                                   | 45.00         | 54.00         |        |
|     | 1500 Watts - 15 AMPS or less                                   | 60.00         | 72.00         |        |
|     | 2000 Watts - 20 AMPS or less                                   | 75.00         | 90.00         |        |
|     | 3000 Watts - 30 AMPS or less                                   | 95.00         | 114.00        |        |
|     | 4000 Watts - 40 AMPS or less                                   | 100.00        | 120.00        |        |
|     | 5000 Watts - 50 AMPS or less                                   | 105.00        | 126.00        |        |
|     | 6000 Watts - 60 AMPS or less                                   | 110.00        | 132.00        |        |

### **ADDITIONAL CHARGES**

**OUTLETS:** Over 20 AMPS & 208V service will require electrical labor. Prices do not include connection to equipment or special wiring.

**CALL FOR QUOTES ON ALL OTHER VOLTAGE REQUIREMENTS**

### **LABOR RATES**

**Custom Electrical Installation**    **\$50.00 per hour per employee 1 hour minimum**

### **NOTICE:**

All wiring and other installations, motors, etc. must be approved. To prevent overloading of circuits, exhibitors shall not be permitted to add wattage except upon ordering same. All outlets will be installed on the floor at the back wall of the booth; island booth outlets will be brought to one (1) location at our discretion if no information is provided. Connections from outlets to equipment shall be LABOR AND MATERIAL. We are not responsible for voltage fluctuation or power failure because of temporary conditions. Testing for proper voltage prior to plugging in or turning on your equipment may prevent serious damage to your equipment. For your protection, install a surge protector on computerized equipment and machinery or an over/under voltage sensor. We are not responsible for damage, loss of items or personal injury caused by the connection to electrical service.

Use of open clip sockets, latex or lamp cord wire, duplex or triplex attachments plugs in prohibited. All of Exhibitors/Lessee's cords must be of three- (3) wire grounded type. All exposed non current-carrying metal parts of fixed equipment, which are liable to be energized, shall be grounded. All equipment must be properly tagged and wired with complete information as to type of current, voltage, phase, cycle, horsepower, etc., and regardless of source of power, must comply with state and local safety codes. Exhibitor/Lessee shall have sole responsibility for strict compliance with the requirements of this paragraph.

No credits will be issued on outlets or lights as ordered even though not used.
